StarBoard®

Web Browser
Built-in web browser enables users to access websites, streaming services, and login to online applications – without the need to connect a computer.

Digital White board
Collaborate and brainstorm thoughts and strategies with the built-in digital white board application. Save files to continue working on them later and/or share with others.

Annotation Over Content
Draw over any content displayed on the panel with the built-in digital ink over lay application, ideal for all types of collaboration, planning and sharing.

Wireless Casting
Wireless cast to the panel from any device – computer, tablet or phone – and from any operating system include Windows, iOS and Chrome in Android mode.

Android Operating System
Built-in android operating system enables users to install all types of apps directly to the panel and place favorites on the home screen.

Multi-Touch & Audio
Up to 20 points of touch on the panel using the latest infrared touch sensor technology for a fast and smooth user experience, plus 2 x 10W built-in speakers.

Starboard Software
The Starboard Software is bundled with a package that includes features such as screen and voice recording, data conference mode for sharing notes, integrated handwriting text recognition and classroom accessories such as a compass, protractor, ruler, timer and more.

StarBoard Software Licensed Edition
Interactive Software

The interactive universe at your fingertips.

Transform lessons into creative opportunities to inspire learning with StarBoard Software, a dynamic set of teaching and lesson building tools designed for educators.

User Friendly Toolbar

Our simplified toolbar design and natural interface allows you to arrange and save tools to suit your specific needs.
Create and save multiple toolbars for students, specific subjects, or other users.

Click and Search

Enrich your courses with just a few clicks. The integrated search engine allows to search in Google and Wikipedia directly in the StarBoard software. Easily pull images and articles into your lesson to further illustrate your point.

Illustrate and annotate

Make your lessons visually stimulating with a plentiful palette of digital inks. From trans lucent highlighters to colorful 3D inks, creativity is at your fingertips

Educator Resources

StarBoard Software includes a rich range of educational resources: integrated classroom accessories and tools, images clipart, backgrounds and Flash animations.

Import directly into StarBoard

Import PowerPoint, PDF, JPEG and other formats directly into StarBoard and bring them to life with a rich palette of digital inks and other interactive features.

Collaborative Solution

Cooperative learning and sharing ideas are some of the unique benefits of the multi - input pad, which allows three students to write on the device at the same time.

Key Features

Advanced User Interface

- Top menu bar for easy accessibility
- Side menu bar - you can toggle to either side of the screen
- Drag and drop tools to create a shortcut button on a page
- Rubbish bin on the page to delete an object
- Supports multiple languages
- Compatible with Windows 7,8 and 10systems
Integrated Accessories

- Integrated classroom accessories: Compass, Protractor, Ruler, Timer, etc.
- Screen and voice recording
- Data Conference mode for sharing notes

Rich Editing Tools

- Customizable color palette
- Import your favorite images for the texture pen
- Integrated handwriting text recognition

Web Resources

- Integrated Google and Wikipedia search
- Drag and Drop images from Web browser

StarBoard Software allows the use of files in the Interactive Whiteboard Common File Format

System Requirements

Windows OS

- CPU: Intel Pentium 4 1.8GHz or faster
- Free hard drive space: : 900 MB or more
- RAM: 1GB or more
- Display colors: 32 bit
- OS: Windows 7 32/64bit, Windows 8.1 32/64bit, Windows 10 32/64bit (the latest service pack must be applied)
- Network: Internet connected environment (Using search engines from within StarBoard Software, Web Image Search) *Software required*
- Internet Explorer 9/10/11 (for viewing Online Help and using Internet search functions)
- Microsoft Word 2010 onwards (for viewing Word documents)
- Microsoft Excel 2010 onwards (for viewing Excel documents)
- Microsoft PowerPoint 2010 onwards (for viewing PowerPoint documents)
- Adobe Reader X/XI, Adobe Acrobat Reader DC: for viewing PDF documents

Adobe Flash Player 11 (for using Flash object)

- Others: DVD drive, Video card with hardware overlay feature (for using movie features)

Webcam playback and capturing feature

- DV (Digital video, DV cameras, D-VHS, etc.)
- Capture devices which support DirectShow (with WDM drivers)

Conference host feature

- CPU: Intel Core 2 Duo 2.0GHz or faster
- Free hard drive space: 2GB or more
- RAM: 2GB or more
- Others: TCP/IP 54Mbps or above

i-Learn: Math's toolbox

- Display resolution: 1024×768 or higher
- Software required: Adobe Reader
- Others: 3D graphics card with 32- bit color
