StarBoard Software Licensed Edition

Interactive Software

The interactive universe at your fingertips.

Transform lessons into creative opportunities to inspire learning with StarBoard Software, a dynamic set of teaching and lesson building tools designed for educators.

User Friendly Toolbar

Our simplified toolbar design and natural interface allows you to arrange and save tools to suit your specific needs. Create and save multiple toolbars for students, specific subjects, or other users.

Illustrate and annotate

Make your lessons visually stimulating with a plentiful palette of digital inks. From translucent highlighters to colorful 3D inks, creativity is at your fingertips.

Import Directly into StarBoard

Import Power Point, PDF, JPEG, and other formats directly into StarBoard and bring them to life with a rich palette of digital inks and other interactive features.

Click and Search

Enrich your courses with just a few clicks. The integrated search engine allows to search in Google and Wikipedia directly in the StarBoard software. Easily pull images and articles into your lesson to further illustrate your point.

Educator Resources

The StarBoard Software includes a rich range of educational resources: integrated classroom accessories and tools, images, clipart, backgrounds, and Flash animations.

Collaborative Solution

Cooperative learning and sharing ideas are some of the unique benefits of the multi-input pad, which allows three students to write on the device at the same time.
